DR. CHRIS J. FROGLEY

DR. TONY DIETRICH

January 5, 2005

To Whom It May Concern:

I am Chris J. Frogley, a doctor of Chiropractic, practicing in Davenport, IA since 1981. I graduated from Palmer College of Chiropractic with a doctorate in Chiropractic and have practiced in Italy, Belgium, and the state of Iowa. I am a diplomat of the National Board of Chiropractic Examiners and have certified in Sports Chiropractic, BEST, JMT, NAET, Neuro-link, and Extremity Adjusting.

I began the study and practice of Dr. Feinberg's Neuromodulation Technique about eighteen months ago and have incorporated it into my practice with great success. I began to apply the principles as taught by Dr. Feinberg right after the first seminar and have continued to use these principles with many patients on a daily basis. The manual as presented in the seminar has become an integral part of our treatment protocol for many conditions. The system works every bit as well as taught and our patients who have been treated have been very pleased with the improvement in their symptoms and the changes for the better in their lives.

If you have any need for further information on our application of the NMT technique or have any other questions concerning any of the statements found in this letter, please feel free to contact our office.

Respectfully,

Dr. Chris J. Frogley
